2009 Yearbook of Immigration Statistics ^[1]

Submitted by Editor on Aug 26th 2010

The *Yearbook of Immigration Statistics* is a compendium of tables that provides data on foreign nationals who, during a fiscal year, were granted lawful permanent residence (i.e., admitted as immigrants or became legal permanent residents), were admitted into the United States on a temporary basis (e.g., tourists, students, or workers), applied for asylum or refugee status, or were naturalized. The *Yearbook* also presents data on immigration law enforcement actions, including alien apprehensions, removals, and prosecutions. The *Yearbook* tables are released as they become available. A final PDF is released in August of the following fiscal year
