# Ph.D. in Organic Chemistry, EB1/OR

## Ph.D. in Organic Chemistry, EB1/OR <sup>[1]</sup>

Submitted by Chief Editor on Jan 1st 2008

We won a case for a Ph.D. in Organic Chemistry as an Outstanding Researcher. This applicant had over 22 years of research experience in the field and was a noted expert. We submitted documentary evidence to show his multiple patents and the commercialization of his patented work. We also provided extensive documentation to show his significant publication record and the multitude of citations resulting from his innovative and pioneering work. This applicant also qualified as a reviewer for several international scientific journals. It was noted in his reference letters that due to his high level of expertise, he was considered one of the best in his field, and consequently was invited on numerous occasions to evaluate manuscripts for publication. We claimed qualification in 3 components of the category: publications, contributions and judge of others work.
